SCHOOLS

Make. Fix. Care.

Fox Valley vocational scholarships for Advanced Manufacturing, Health Sciences, and the Building Trades — funded by the JCD Foundation, an Applied Legacy of the Dunham Foundation.

What we fund

Tools, books, boots, certification fees, semester transcripts, deposits at community college, apprenticeship startup costs — **\$200 to \$500 a year, typical.** Higher tiers for 4-year nursing at UIC or the University of Chicago.

We disburse to **schools and employers, never to individuals.** If a kid needs a \$400 set of hand tools to start her apprenticeship Monday, the check goes to the shop on Friday.

DUNHAM QUADRANT · 12 QUALIFYING HIGH SCHOOLS

East Aurora	West Aurora	Oswego East	Waubonsie Valley
Metea Valley	Kaneland	Batavia	Geneva
Marmion	Rosary	Aurora Central Catholic	Aurora Christian

Who's eligible

Any senior at one of the twelve qualifying high schools below — or homeschooled in the same area — pursuing a career in advanced manufacturing, health sciences, or the building trades.

No essay. No ethnicity question. No citizenship question. Required: legal name, address, ZIP, transcript, FAFSA, and a career objective. [TK]

HOW AN INTERVIEW / APPLICATION WORKS ROUND 1 · DEC 1, 2026 → MAR 1, 2027 [TK]

30 minutes. You set the **agenda.**

We're talking with educators, employers, and apprenticeship leads this spring and summer — before our 501(c)(3) determination lands — so the foundation we're building fits the careers our students are actually walking into.

01

Pick a time

Reply to the email, call the number on the card, or grab a slot on the calendar.

02

We show up

In person, by phone, or Zoom. Your call. A voice memo works too.

03

You talk

About students, the field, what works, what doesn't. We mostly listen.

04

You review

Anything we publish from the conversation goes through you first.
